

Roots of Empathy
Racines de l'empathie

Are you a proud parent with a new baby? Will your baby be 2 – 4 months old in January?

You and your baby could be a Roots of Empathy Family

Roots of Empathy is a program for elementary school children. The program's aim is to increase empathy - the ability to understand how another person feels.

Children learn to care for and respect each other, and there is less bullying and aggression.

To Be a Roots of Empathy Family.

- While traditionally, volunteer parents and their babies, our “Tiny Teachers”, have made regular in-person visits to a classroom, Roots of Empathy has pivoted from our experiential program to provide a virtual program delivery model – the Roots of Empathy Recovery Program. This will involve you in ten classes over the school year.
- **Your family will participate by sending photos, stories, videos or by engaging in virtual real-time visits of/with your baby.**
- Babies must be between 2 and 4 months old in January.

“Roots of Empathy is about changing the world, child by child.”

- Mary Gordon, Founder/President
